DG Erna Morain's  
Annual Club Visit

Pres. Lisa Mount

DG Tom Narak

RI Pres. Barry Rassin

Pres. Lisa was back on Wednesday and thanked Vicki for filling in for her during her absence last week. She passed around a thank you note from scholarship recipient Jake Lewis who is going to... Cent, Centr....the "college in Pella". Lisa shared that the Chamber is having a member appreciation picnic with steak sandwiches on Tuesday June 18<sup>th</sup> at the park directly across the street from the Chamber office from 4:00-5:30. Our club is a member of the Chamber so anyone who like to attend may do so (Lisa circulated a sign-up sheet).

## PAUL HARRIS RECOGNITION

Lisa called Tim Trudeau to the podium to receive a Paul Harris + 2 recognition. Our club honored several other members with PHF

Matt collected some happy dollars from Tony who was happy to be done with planting and from Andrew who noted that although he is not a "great golfer" he did get a hole in one on hole #6 at Honey Creek Tuesday night. Congratulations, Andrew! Sara said Ben's grand opening for Wagner Golf was a huge success and the ribbon cutting with the Chamber was also very well attended. Dave had a nice trip to Wichita for a

recognition at our Centennial celebration but Tim was out of the country at the time. Thank you to Tim for his tremendous service to our club and congratulations on this award!

## AUCTION PREPARATIONS

Lisa shared that we were only two and half weeks from the auction on Wednesday. Cody noted that we have just over 100 items donated and

## Sergeant at Arms

wedding last weekend. Jamie and her husband are celebrating their 15<sup>th</sup> wedding anniversary and Vicki and Lou are celebrating their 40<sup>th</sup>! Congratulations. Tim shared that last week he started staining his shed Wednesday morning thinking it would take "a few hours" but he didn't end up putting the lid back on the can until 5:00 pm (which is why he missed our meeting). Mary is celebrating 45 years

hopefully more will come in yet this week. There will be a "buy it now" option for some of the silent auction packages. In the coming weeks some of the packages will be promoted on our club Facebook page and so if you like, share, and invite your friends to view the post that would really help get the word out. There will be a "signature drink" at the auction as well as a photo booth which should be a lot of fun for attendees. Lisa did share that there will be an option of paying by credit card instead of check this year but unfortunately credit card payments are not deductible. Set up for the event will start Thursday evening and will continue on Friday out at Seven Oaks so if you have a few hours you could lend a hand it would be a big help!

with Grabau Construction but she pretty much said she won't be celebrating 46! Vern got a call from someone asking if he was interested in buying life insurance and he said "absolutely". They asked how old he was and he said "93" and the line went dead! Vicki paid a dollar in appreciation of all the work Abby did as Auction chair over the years!

BE THE INSPIRATION

## QUOTE OF THE WEEK

This, then, is the test we must set for ourselves; not to march alone but to march in such a way that others will wish to join us.

Hubert H. Humphrey,  
Senator and Vice  
President  
1911-1978

## Centennial Project

It was shared that the video from Channel 5 highlighting the restoration of the passenger car and sharing about our Centennial project is on our club Facebook page. Sandblasting of the car is going well and then it will be pulled into the shop for priming and painting. Cody shared that the original estimate for paint was \$11,500 but Arnold Motor Supply came through and it will only cost \$7500! Many thanks to Arnolds! Lisa reported that we are planning on doing a direct mailing with postcards to try and solicit additional donations from individuals and families who may be interested in supporting our project and asked that anyone

with any experience or interest in that let her know. Dave mentioned contacting Earl May (which is also celebrating its 100<sup>th</sup> anniversary this year) about possibly helping out with some plantings or landscaping. He noted that a number of rather substantial trees are going to have to be moved or removed from the site so he also asked if anyone knew where we might find someone with a tree mover. After that members traveled out to the site to get a look at the stakes marking where the cars will be. Dave noted that they are still looking how we are going to get the cars in place—whether it would be from off Story Street or perhaps from Marshall. Either way it is going to be a major undertaking!

Dave Cook pointing out the layout for alignment of the cars for our Centennial Project
